

CLASSROOMS

Teaching activities are carried out in the classrooms belonging to the three Departments of the Interdepartmental Liaison Structure "Faculty of Medicine", located at the "Policlinic Gaetano Martino" University Hospital: "Biomedical and Dental Sciences and Morpho-functional Images", "Adult and Adolescent Human Pathology - Gaetano Barresi" and "Clinical and Experimental Medicine", with seat and room availability indices.

In addition, new teaching rooms are constantly being inaugurated as a result of interventions, carried out in implementation of the framework agreements stipulated through the completion of open procedures, which concerned works for the functional and technological enhancement and renovation of the spaces dedicated to teaching and pertinent services at the University Hospital, with related supplies of new seats and modern multimedia supports.
